Formed in 1995, Boarding Australia is a peak industry body with a focus on Indigenous education and boarding. Our primary goal is to close the Indigenous education gap through boarding.

Advice and Consultancy

Boarding Australia draw on a team of suitably qualified and experienced boarding professionals to provide advice and consultancy services to boarding schools and residences, government agencies and other stakeholders. Our work has included advice on:

- Recruitment and workforce issues
- Mentoring and professional development
- Cultural competency
- Community engagement
- Quality improvement and risk assessment
- Practical building design and renovation advisory for student accommodation
- Responses to State and Federal inquiries

Boarding Standard Audit

Boarding Australia were a key organisation in the development of the national Boarding Standard for Australia schools and residences (AS 5725:2015). As such we have an intimate knowledge of the Standard and to review boarding schools and facilities we use a framework aligned to the Standard elements;

- Governance and Management
- Boarders
- Staffing
- Parent, Family and Community Engagement
- Facilities
